

Sanctuary

The apparent suicide of a stranger, a cryptic warning and a strained relationship with a beautiful yet mercurial woman all lead Dexter McAllister to embark on a profound and fantastic journey into another reality. It is a world where every soul that he encounters will seemingly stop at nothing to achieve their goal; the discovery and subsequent control of The Sanctuary. Dexter is wholly unaware of the gift of which he has been bestowed but when his past is revealed as a grand deception and a glimpse of his future appears to offer only terrifying insights into an alien world, he struggles to come to terms with the fact that he alone holds the key to the balance of power of the entire galaxy! Modern day crime intrigue meets outrageous science fiction adventure in this fast paced, often humorous story of faith, duty, destiny and rediscovery.
