

## Lightnings Limit: Cypher Theorem

Vargas Mitchell is a poor kid in the richest city on Eden, Pharis Dome. With a mother who has past away, and a father working three jobs just to keep up with the standards of living, Vargas finds work through an apprenticeship with a Sage, who also teaches him secret techniques. Vargas excited to use what he has learned joins the high schools newly formed mixed magical arts team in hopes of fame and fortune. See how he faces his challenges in this companion story to The Zero Class.
