

Shadowlight: A Novel of the Kyndred

With just one touch, Jessa Bellamy can see anyone's darkest secrets, thanks to whoever tampered with her genes. What she doesn't know is that a biotech company has discovered her talent and intends to kill her and harvest her priceless DNA...Gaven Matthias is forced to abduct Jessa himself so he can protect her, but Jessa has a hard time believing the one man whose secrets she can't read. As a monstrous assassin closes in and forces them to run, Jessa will have to find another way to discover if Matthias is her greatest ally or her deadliest enemy.
