

Mister Gum

Rhys Hughes plumbs the depths of perversity and satire in the shockingly brilliant novel Mister Gum, which follows the adventures of the worlds most notorious creative writing tutor and his friends. On his way he discovers haunted hymens, Fellatio Nelson and Canon Alberics Photo Album. A desperately needed antidote to nerd-friendly space fiction and inklingoid fantasy. The Guardian. Hughes fiction has few parallels anywhere in the world. In some alternate universe with a better sense of justice, his work triumph-antly parades across all bestseller lists. - Jeff Vandermeer
