

Sleeping Dogs

He came to England to rest. He calls himself Michael Shaeffer, says hes a retired American businessman. He goes to the races, dates a kinky aristocrat, and sleeps with dozens of weapons. Ten years ago it was different. Then, he was the Butchers Boy, the highly skilled mob hit man who pulled a slaughter job on some double-crossing clients and started a mob war. Ever since, theres been a price on his head. Now, after a decade, theyve found him. The Butchers Boy escapes back to the States with more reasons to kill. Until the odds turn terrifyingly against him ... until the Mafia, the cops, the FBI, and the damn Justice Department want his hide ... until hes locked into a cross-country odyssey of fear and death that could tear his world to pieces ... Exciting ... Suspenseful ... A thrillers job is to make you turn the pages until the storys done and your eyes hurt and the clock says 3 a.m... . I wouldnt try to grab this one away from somebody only half-way through. No telling what might happen.-- Michael Dirda, The Washington Post Book World
