

The Holland Family Saga Part One: They Dont Mind Dying: They Dont Mind Dying

They Dont Mind Dying Those who reside there already know the saying. To everyone else welcome to New Orleans to be more specific welcome to the Ninth Ward. They Dont Mind Dying is an intense psychological thriller that chronicles in explicit detail, the inner workings of an inner city drug organization from its violent rise to power on through to its ultimate demise. Forced out of his home and onto the streets by his aunt at the age of fifteen, Ben Holland meets two youths, Manny and Oscar, who would change his life forever when they introduce him to a life of crime. They Dont Mind Dying tells the story of Ben Holland and how he and his friends rose to the top of the drug game and the violent lifestyle the gangs members had become accustomed to. When events within the organization begin to unravel the gangs solidarity, however, no amount of money in their possession, nor the police on the crews payroll, could stop the wheels of retribution from rolling in their direction. Ben Holland and his crew fight to remain atop the citys drug trade, but the price of success is starting to exceed the effort; retirement is looking more and more appealing. Can Ben Holland and his crew stay alive long enough to exit the game? Or will fate have a say so in matters? They Dont Mind Dying is the first installment in The Holland Family Saga, a saga that will chronicle the Holland Familys history along with the people who would shape their lives over many years. Starting with They Dont Mind Dying, the creed in which Ben Holland and his cohorts live by throughout their violent reign, and traversing forward, the saga will reveal over time, the Holland Familys struggles, injustices and inner demons as their lives come full circle and many secrets are revealed. The Holland Family Saga is more than fiction It is real life in print.
