

Star Trek: Vulcans Forge (Adapted)

Decades ago, Captain Spock had teamed up with David Rabin, the young son of a Starfleet captain, to fight an attempted coup on Vulcan that would have turned the planets people away from the path of logic. Now a Starfleet officer, Captain David Rabin has been assigned to a harsh desert world much like Vulcan, where the Federation is determined to protect the lives of the inhabitants. But Rabins efforts are being sabotaged and he has asked for Spocks help against the unknown forces that may well destroy the society he had come to save. While reflecting on his youthful adventure with Rabin, Spock joins him to face an enemy out of their past and confront deadly Romulan treachery. In the process Spock will decide if the path of his life now leads back toward family traditions he had sought once to escape. For more Trek titles, browse our special Star Trek section!
