

## The Fight for Peace: Military Dystopian Thriller (Friends of my Enemy Book 4)

The best weapon against an enemy is another enemy. Tired of defense, the Guard looks for allies against the two enemy FLF cities, while striking a strategic blow against their adversary one great enough to force the FLF to discuss peace. If that can be believed. Even if genuine, the FLFs peace offer leaves the Guard and Europes new Prime Minister on edge. But caution isnt enough to halt a tragic end to the peace talks when the real motivation behind the FLFs offer is revealed. And it manages to strike deep into the heart of the Guard. Reeling from the painful loss of one of their own in the aftermath, the leaders of Europes armed forces struggle to overcome new vulnerabilities that jeopardize already risky plans to decisively end the war at last. The Lady Grey and Captain Vries have always joked that Europe needs both of them in order to survive the war. What happens when the only choice is to face the FLF alone? Discover the explosive end to the military dystopian series Friends of my Enemy with book 4, The Fight for Peace. Apocalyptic terrorism and conflict collide in this final novel as the two powerful survivors of World War III fight for freedom and dominance in a world torn apart by nature and man. Set in Europe, this near future fiction series of novels unfolds through the intersecting lives of a small handful of people and explores adult themes, both dark and hopeful, of friendship, romance, and family, including how these influences direct everyday choices which ripple outwards to impact governments caught in a post apocalypse. Because not all influence is good, and not all decisions can be made in time. What readers have said of the series: Part one of what appears to be an interesting tale of tangled relationships and covert happenings in a future earth torn asunder with riots and natural disasters. Strong characterization and believable scenarios

coupled with a setting that is thought provoking and entertaining. I want to read the next one. Check this story out! - J.Williams 4 stars Autumn has done it again. This book will grab you and carry you from beginning to end without a moment of boredom. Think of the quotation The Enemy of my enemy is my friend and you gain some insight into the substance of the story. I normally like Fantasy Adventure, but this novel was a great walk through something a little different. Cant recommend it enough. - Victor 5 stars
