

Ponctoan Spear

South Florida: 1530AD and Indian tribal wars are raging. The Ponctoan Tribe is teetering on extinction. An ancient relic is passed on to a trusted Ponctoan Warrior by the tribal medicine chief. With it, he learns powerful lessons. Lessons that will level the playing field in war and that begins with a time-travel odyssey that starts in Davistown Pennsylvania in 1966. With him, he takes the tribal war spear of his people. It is his only ticket through space and time. However, there are those who will do anything to acquire it and the young warrior must reach into his ancient training of war to survive the future!
