

Teenage Hipster in the Modern World: From the Birth of Punk to the Land of Bush: Thirty Years of Apocalyptic Journalism

In the pages of *The Village Voice*, *Rolling Stone*, *Esquire*, *New York*, *Maxim*, and *GQ*, Mark Jacobson has carried on in the tradition of such titans as Joe Mitchell, A. J. Liebling, Jimmy Breslin, and Pete Hamill as one of New York City's finest journalistic provocateurs. Now he collects the best of his years in *Teenage Hipster in the Modern World*. Jacobson has been witness to a decidedly different sort of history. His beats range far and wide, delving into the realms of politics, sports, and celebrity in pieces on such luminaries as Bob Dylan, Julius Erving, Chuck Berry, Pam Grier (in her *Scream*, *Blacula*, *Scream* days), Martin Scorsese, and many others. But for Jacobson, New York City has always been Topic Number One. Jacobson tells the story of the city in his classic essays on the beginnings of punk rock back in the times of pregentrification to the heart-wrenching days of 9/11. With a foreword from best-selling author Richard Price, *Teenage Hipster in the Modern World* is a hilarious and poignant snapshot of a city, a generation, and a man who wonders how he went from hanging out at CBGB to being an AARP card-holding father of three.
