

Aetna Rising: A Snowballs Chance in Hell, Vol. 1

What do you do when every aspect of life is regulated by a soul-sucking bureaucracy and constant surveillance is the norm? You run. You find the out-of-the-way places no one watches. You make sure no one depends upon you, and you beat the system. That's what Jack did, and it worked...until now. It starts to go wrong when Jack breaks his rule and takes Anna home more than once. Then, Administrator Timothy Randall arrives and turns Jack's backwater moon upside down. On a mission from the central government which no one understands, Randall and his staff do whatever it takes to accomplish their goals. When the killing starts, Jack finds himself blackmailed, tortured, and enslaved to a ruthless political faction. Now he must figure out who to trust, how to escape, and decide between Anna and his freedom. Aetna Adrift is a full length high octane thriller in Erik Wecks PAX Imperium universe.
