

## A Crack in the Line (The Aldous Lexicon 1)

WHAT IF SOMEONE ELSE WAS LIVING YOUR LIFE? SOMEONE OF THE OPPOSITE SEX... Naia Underwood has a double in another version of her reality: a male double called Alaric. For almost seventeen years their lives have been identical but for one thing. Alaric's mother died following a train derailment two years ago - the same derailment that Naia's mother survived. Now, Naia and Alaric are about to meet for the first time, with disastrous consequences for one of them... A CRACK IN THE LINE is the first of a much-praised three novel sequence called The Aldous Lexicon. Volume two is SMALL ETERNITIES, volume three THE UNDERWOOD SEE. All three are also available as a single ebook, titled simply THE ALDOUS LEXICON. Set in England - primarily in 2005 but ranging back and forth over many years - the trilogy was originally published in the US by Greenwillow and HarperTeen as The Withern Rise Trilogy. The ebook editions are revised versions of the print volumes, with some additional material and considerable re-editing. A Crack in the Line was shortlisted for: The Michael L. Printz Award (US) The Georgia Peach Book Award (US) The Lancashire Children's Book of the Year Award The North-East of England Book Award Recommended by The American Library Association as one of the years most imaginative works of fiction. The book's conclusion, with its shocking metamorphosis, is sure to spark passionate discussion (Booklist Starred Review, US) A spine-tingling thriller about parallel worlds. These are brilliant, thought-provoking novels about grief, responsibility and choice. (The Times, London) A thought-provoking tale packed with mystery and suspense (The Bookseller) At once incisive and insightful, this criminally under-rated sequence represents some of the strongest and

most influential contributions to teenage fiction in recent years. (Jake Hope, Achuka) Emotionally wrenching yet satisfying (Locus Magazine, US)
