

The Atomic Sea: Omnibus of Volumes 3,4,5: Epic Fantasy / Science Fiction Adventure Series

Never take your eyes off the water Dr. Francis Avery drowns his memories in whiskey. Years after the Empire of Octung killed his family, his only drives are alcohol and fighting back. While aboard a military whaling ship far out on the eerie Atomic Sea, a series of murders forces him to track down the killer. As if this weren't enough, a mysterious woman named Layanna is pulled from the toxic, lightning-wreathed depths of the water. Though it's impossible, she's alive and she has a secret: she's the only one who can stop Octung. And she'll need Avery's help to accomplish her mission. If they fail, the entire world will fall under Octung's bloodthirsty, murderous shadow.
