

The Z Chronicles (The Future Chronicles)

Z. Among the most monstrous creations of our imaginations, the zombie terrifies, with its capacity to pursue its prey, to run it down, exhaust it to surrender, unrelentingly. In this title in the acclaimed Future Chronicles series of speculative fiction anthologies, fourteen authors confront the nightmare, that horrific mirror of ourselves that pursues us with untiring hunger. The Z Chronicles features stories by bestselling authors Hugh Howey (Wool), Jennifer Foehner Wells (Fluency), plus twelve more of today's top authors in speculative and science fiction.
