

The Emotionally Focused Therapist Training Set: The Emotionally Focused Casebook

There is currently no single resource that compiles the various applications to the many clinical populations being served by Emotionally Focused Therapy today. The Emotionally Focused Casebook fills that void as a substantive reference for clinicians, students, professors, and supervisors using and teaching EFT. Each chapter utilizes a hands-on case study approach with concrete guidelines and illustrations for the adaptation and application of EFT with specific treatment populations. This Casebook is the perfect practical resource for professionals and students looking for examples of specific theoretical, conceptual, and treatment applications of EFT.
