

The Evolved

Imagine you are a 17-year-old boy. A boy whose memory and backbone were stolen seven years ago in a hit and run accident. A boy who can't cope ... with anything. Now imagine the last seven years were a lie. Pushed into taking an impossible leap of faith, Max Anderson's life is changed forever from wimp to all-powerful, from hopeless dreamer to instant love interest, from the brink of despair to the edge of survival. But why do his only friends need Max? Why can only he locate an abducted girl? And will their actions risk discovery of their kind, a secret kept hidden for more than 200 years? *The Evolved* is an action adventure with a sci-fi theme suitable for young adults and older.
