

The Far End of Happy

The next twelve hours will change everything. Ronnies husband is supposed to move out today. But when Jeff pulls into the driveway drunk, with a shotgun in the front seat, she realizes nothing about the day will go as planned. The next few hours spiral down in a flash, unlike the slow disintegration of their marriage - and whatever part of that painful unraveling is Ronnies fault, not much else matters now but these moments. Her familys lives depend on the choices she will make - but is whats best for her best for everyone? Based on a real event from the authors life, The Far End of Happy is a chilling story of one troubled man, the family that loves him, and the suicide standoff that will change them all forever.
