

The Fool (Virtual Arcana Book 0)

Virtual Reality has never been more dangerous. ****First episode of a seven-part YA SF serial**** Kelsey loves books and lattes, preferably together, and is the kind of girl who follows rules to the letter. Unfortunately, her twin sister is obsessed with outlawed virtual reality... a bad vice to have when the government controls everything from entertainment privileges to caffeine consumption. If her sister would just keep her nose out of trouble, maybe they could survive senior year. But when Kelsey meets a charming book connoisseur and accepts his offering of a tarot card, she takes the first step toward her own risky addictions: the guy of her dreams, and his virtual escapes into her beloved storybooks. But the tarot cards can't guarantee a happy ending when the line between reality and fiction becomes dangerously blurred. Get this seven-part serial of future gadgets, mind-bending virtual reality, and dangerously fun addictions in the complete Season One Box Set. Or, read episode by episode.
