

An Hour of Wolves: A Sleeping Gods Tale (The Sleeping Gods)

The universe is in chaos. Uneasy tensions rest between the three ruling factions. The priests of the Conclave maintain their hold on over seven hundred worlds in the absence of the gods while members of the Inquisition, and their Prekhauten guard allies, remain ever vigilant for signs of heresy. Inquisitor Tolde Breed is summoned to the Inquisitor Generals office and given a grave mission. Amongeratix, one of the Three, has escaped his eternal prison and cutting a violent swath across the known universe. Breed is given a handful of Guardsmen and a Blood Witch to hunt down and stop Amongeratix before he manages to awaken the sleeping gods. An hour of wolves dawns on all mankind.
