

The Hungry 4: Rise of the Triad (The Sheriff Penny Miller Zombie Series)

The Zombies Are Coming Again. Small town Sheriff Penny Miller and her outlaw friend Scratch managed to survive a nuclear blast in Nevada and a brutal attack on their peaceful lodge in Colorado. They head for Los Angeles, looking for a fresh start. It seems the citizens of Southern California remain blissfully ignorant of the coming war. They believe zombies are simply an urban legend. As usual, there's no rest for the wicked. When they find themselves in a suspiciously run Malibu rehab facility, Miller can't relax. She knows the gore is about to hit the fan. It seems that Miller can sense when zombies are near. And they're almost always near. When all hell breaks loose around them, Miller and Scratch must survive deadly experiments, resist an ongoing government conspiracy, and battle another horde of ravenous zombies. And that's just for starters.
