

The Intemperate Rainforest: Nature, Culture, and Power on Canadas West Coast

Braun (geography, U. of Minnesota) provides a new viewpoint on the complex cultural, political, and intellectual forces involved in the forest policies of British Columbia. Employing poststructuralist theory and using the 1993 protests over logging in Clayoquot Sound as his starting point, Braun ass

Review: Review Essay: The Intemperate Rainforest - SAGE Journals Bruce Braun examines the various practicesocial, discursive, and politicalthrough which Canadas West Coast forests have been given meaning and made
