

The Last Layover: The New Homefront, Volume 1

The Last Layover is the first book of The New Homefront series where patriotic Americans struggle to survive in a collapsing world, while taking a stand against the evil and tyranny that quickly follows. The Last Layover is a fiction novel based on real places and potential scenarios where an out of control government pushes America to the brink of financial and social collapse. This vulnerable state allows the unthinkable to happen, causing the comfort, security, and conveniences of our modern first world society to quickly come to an end. Imagine yourself far from home when the world suddenly changes. Just think back to Hurricane Katrina, Hurricane Sandy, and other such recent events, and you can see just how quickly society breaks down. Those situations even occurred with the nature of the emergency being confined to one specific geographic area, where help is just the next town or state away. Now also think about how that scene would play out if help was not going to come. What if those who you would look to for help had their own emergencies to contend with, leaving you and those around you to fend for yourselves? What about all of those modern conveniences of society like ATMs, point of sale debit/credit card readers, cell phones, and the internet? What if it all went down while you were away from home? What about our food supply chain? How much food does your family have at home to get them through if the shelves were to go empty? How much do you have with you? Will it all go bad without electricity? Do you have what it takes to defend yourself and those around you when society takes an ugly turn and violence becomes necessary for survival? Those are a few of the things that this book helps you think about. In The Last Layover, an airline crew finds themselves on an overnight layover in New York City, far from their homes, when a series of

events take place that bring our modern society to its knees. Join them as they face the dangers and difficulties of trying to make their way back to their homes and families in a rapidly deteriorating society, without our modern transportation and communications infrastructure, all while dealing with the lawlessness and violence that quickly ensues in a desperate and broken society. Discover with them the dark side that humanity can quickly take, as well as the good that can come from faith, family, and friendship.
