

The Lex Factor: The Sequel to the Cave

Jeri Kirkland built and used an andriod she named LEX, to help save mankind from extinction through an alien invasion. The mission had been a success. But Lex, the android, had malfunctioned and almost caused Dr. Kirklands death. Jarod Anderson, Jeri Kirklands husband, had led this team of soldiers. And during their mission, they had to destroy the android. Or so they thought.... Now, Lex was back. And he was angry. Very angry. And in those eight years the android had spent on the planet Mars, it had developed inexplaineable powers. And now he was free. Now... he would get his revenge. His revenge on mankind.....
