Ilya Mondas once lived her dreamlife with a band of space gypsies wandering the wild plains of Frontiera, the freedom to use her tech savvy to wreak mayhem on pirates and slavers, and her big, soft-spoken warrior Var, who adored her. Then she lost him, and the life she loved. Shell do anything to get it all back ... Now on her own, she must take over The Pleasure Palace, a ragtag space-station casino, home to hookers, gamblers and rogues. But one or all of them want her dead, and they have the monsters to do it human-cyborg gladiators, created for the illegal fight ring hidden deep in the center of her new home. Where the biggest, baddest cyborg of all looks eerily like her dead husband. But can she trust anyone again?
