

# The Motive for Massacre: Book Two of Elmore's The Kinless Trilogy

Malwynn and his twin sister, Umaryn, experienced true horror when their hometown of New Picknell was razed to the ground in the first act of war by a Necromancer from The Amaranth Empire. They took their thirst for vengeance north across the border, and, after killing both the innocent and the guilty alike, they discovered a horrible truth. The Empire had not ordered the strike. The Necromancer had been paid. Book two in The Kinless Trilogy follows the Everwalk twins in the capital city of Varrland as they attempt to follow the clues they wrung from the corpse of Omniri Decadra. The looming war between Varrland and the Empire races them as they attempt to find out who wanted their family and the entire town destroyed - and why. The Church, the Guild, and the government all seem to have stakes in what the twins do, and it becomes very hard to tell who, if anyone, is on their side. Sometimes the truth is far, far worse than a lie, and your friends are more threatening than your enemies. But will that stop the twins from falling in love when they are most vulnerable? Join Malwynn and Umaryn as they attempt to right the wrongs they've suffered once again, no matter the cost.
