

The Pure Product: Stories

The Pure Product brings together for the first time in one volume Kessels finest short fiction from the past decade. This exceptional collection contains nineteen astonishing voyages into worlds of wonder and mystery, complete with omnipotent beings, time travel, alternate histories, and playful takes on popular literature. The collection also includes three companion pieces to his most recent novel, Corrupting Dr. Nice. Here are the meditations of an exceptional writer who understands that darkness and tragedy can turn in one breathless heartbeat to moments of absurdity, epiphany, passion, or joy.
