

## Chaos and Order: The Gap Into Madness (The Gap Cycle)

As the planetoid Thanatos Minor explodes into atoms, a specially-fitted cruiser escapes the mass destruction and hurtles into space only a step ahead of hostile pursuit. On board Trumpet are a handful of bedraggled fugitives from an outlaw world - old enemies suddenly and violently thrown together in a desperate bid for survival. Among this unlikely crew of allies are Morn Hyland, once a UMC cop, now a prisoner to the electrodes implanted in her brain; her son, Davies, force-grown to adulthood by the alien Amnion and struggling to understand his true identity; the amoral space buccaneer Nick Succorso, whose most daring act of piracy could be his last; and Angus Thermopyle, unstoppable cyborg struggling to wrest control of his own mind from his UMC programmers.
