

The Scrapyard Incident (Junkyard Dogs) (Volume 1)

Junkyard Dogs 1: The Scrapyard Incident. Ensign Tamara Carlisle, a brilliant, beautiful but decidedly quirky young officer on a remote assignment to obtain information needed to finish her advanced degree in Military History... Lieutenant Ryan Harris, a talented and experienced engineer who harbors doubts about his ability to command... Engineering Technician Angus Hawkins, a savvy veteran and former Chief Petty Officer busted down in rank for brawling... These three unsuspecting individuals, marooned after a devastating sneak attack on the United Terran Federation Naval Reclamation Center-- a huge, orbiting Junkyard located in a remote corner of Federation space-- are forced to confront their limitations and team up to fight back against unknown, heavily armed foes who threaten their continued survival... During their effort to survive, the trio discovers that their unknown foes have even bigger plans. It seems they would like nothing more than to start a revolution... Can the three Scrapyard survivors come together with an Islamic Ambassador on a mission of peace, a smuggling ring bent on nothing more than making a profit, and a small, underarmed orbital station security force to somehow thwart a terrorist attack that threatens to ignite a new interplanetary war?
