

## The Star Kings (John Gordon)

The Star Kings, written by Edmond Hamilton, is an all-time great sci-fi classic. Young, restless, and dissatisfied with his ever monotonous insurance job, John Gordon discovered a way of traveling through time! And when he arrived in the strange world of tomorrow, Gordon found himself in the middle of a titanic interplanetary war?and he was the one man in the universe who held the key to final victory.... His adventures on other planets, his strange love affair with the beautiful Lianna, and his single-handed battle against the invading legions of the Dark Worlds all add up to an exciting adventure classic by one of the science fiction genres most beloved authors, Edmond Hamilton.
