

The Ten-second Miracle: Creating Relationship Breakthroughs

How often have we, in one single instant, taken a step backwards in a relationship simply by saying the wrong thing? There are moments when we unintentionally make a bad first impression, distance ourselves from someone we care about, or even betray someone we love with painful words. Bestselling author Gay Hendricks shows us that we have the power to turn these negative moments into Ten-Second Miracles that will transform and enrich our relationships. He provides us with the tools we need to take charge of the pivotal moments that can produce dynamic changes in our relationships and shows us how to create interactions that will lead to increased intimacy. The Ten-Second Miracle prepares us so that we will never be caught off guard again, consequently allowing us to take positive control over our relationships.
