

WANDERING THE WORMHOLES (BOOK 2) (CASTLE WORKS)

Jillian and Jeremy, after their many death-defying attempts in Book One, to find the castle and finally get home to Maine, are suddenly faced with the Wormholes that snake through the eleven dimensions of the universe. Sliding from one frightening realm to another they are buffeted by particle storms and bolts of hysterical energy while trying to stay themselves. They use any trick they can find to keep from being transformed, forever into some ridiculous mish-mash of animal vegetable and mineral. In the meantime, Jillians Grandmother, an Indian medicine woman, comes to guide them and they get to meet some very strange historical figures. They also find out what their special gifts mean to those who need them most. But when will they get home?
