

The Union

Mox Daniels is handsome, intelligent, and very aware of life's obstacles. He values trust, integrity, and he lives by the code of honor. As a child, he witnessed the horrific murders of both of his parents and it scarred him for life. From that day forward, he vowed that no matter what obstacles came his way, he would find the mysterious killer and seek the ultimate revenge. When he meets the lovely, street savvy Priscilla Davis, a powerful bond is instantly formed, and life as he knew it, took a drastic change. With the help of his cousin Cleo, the two men form The Union. Money is power and power is control, and by any means necessary Mox and his crew were out to get it. Family isn't always family and all money isn't always good money... problems occur when secrets surface and the truth eventually unfolds. When deceit spreads like a plague will Mox maintain his position... or will he fall victim?
