

The Winters Tale (Annotated)

*This Book is annotated (it contains a detailed biography of the author). *An active Table of Contents has been added by the publisher for a better customer experience. *This book has been checked and corrected for spelling errors. The Winters Tale is a play by William Shakespeare, originally published in the First Folio of 1623. Although it was grouped among the comedies, some modern editors have relabelled the play as one of Shakespeares late romances. Some critics consider it to be one of Shakespeares problem plays, because the first three acts are filled with intense psychological drama, while the last two acts are comedic and supply a happy ending.
