

The Scarecrow of OZ: A Steampunk Adventure (Steampunk OZ)

In this action-packed sequel to *The Wizard of OZ: A Steampunk Adventure*, American author S.D. Stuart returns to the Australis Penal Colony, where an ancient, and devastating, weapon was hidden a millennium ago. Imprisoned by the Southern Marshal, a half-human, half-lion hybrid lives behind an electrified fence with others like him. His only chance at freedom is to locate and recover this ancient weapon before a mysterious shadow organization uses it to conquer the world. Joined by old allies, he races across the continent sized prison, making new friends and new enemies alike, to find the hybrid weapon before the humans do. His journey will not be easy as he encounters a new OZ more dangerous than the one he left behind.
