

The World of Krynn, DL16 (Advanced Dungeons & Dragons Dragonlance Accessory)

You are cordially invited to enter the dangerous world of the DRAGONLANCE saga. The World of Krynn brings you to previously unexplored corners of Krynn with challenges for your characters. Explore Dargaard Keep, the vast and perilous lair of Lord Soth, and perhaps you will discover what really happened to Kitiara! Journey into the volcanic lair of a dragon to defend the city of Palanthus. Run a merry chase over hill and heath in search of a lost boy -- can you find Master Lor before other, more sinister searchers? Travel to the far-away isle of Mithas and save the remnants of a dying race of bird-men from the savage minotaurs, while simultaneously trying to thwart a massive invasion of Ansalon. The World of Krynn beckons to you; return to adventure once again in the world of fearsome dragons and vile draconians.
