

Top Trials in Gastroenterology & Hepatology

The Top Trials in Gastroenterology and Hepatology is a selection of 28 hot trials that have been influential in clinical practice. These trials have been critically appraised and summarized. Topics include:

- Luminal Gastroenterology
 - Inflammatory Bowel Disease
 - Nutrition
 - Motility
 - Hepatology
 - Therapeutic Endoscopy
- A perspective on each trial gives context and significance to the summaries, and a list of further reading identifies other influential papers.
