

GREAT AUTHORS RECALLED TO LIFE (Great Authors Recalled to Life for All Ages Book 1)

A little background for those who do not follow the crooked path of history. And shame on you who do not; for who and what are you but the elements of the past, the DNA, the divine spark, particles of sinew and bone and flesh. The ultimate question is: Do you have a soul? Or perhaps I should put this another way. Do you want one? I am here to give you one; I am here to give you the great writers of the world who pulled their own souls from their chests and handed them to you. But there was too much rejection in the response. So they died, leaving words, words, words. Words are what the soul is all about. I am Vampire and, yes, I have a soul. The best, the biggest, the brightest, and the most generous I am here to give you another chance. I will be recalling to life the great writers and I will begin with Mr. Walt Whitman. I could use no better words than his own to tell you why I chose him first:
