

## Hunter Night Stalkers \*OP (Vampire: The Requiem (White Wolf))

They're out there, preying on humanity like farmers culling a herd. They enspell, enslave and then feed on our daughters, our brothers, our parents, our lovers. And nobody notices? but us. We'll be enough, though. We'll cast those creatures of the night into the flames. A Chronicle Book for Hunter: The Vigil An intense look into how the timeless Vigil and the immortal vampires come together in an eternal struggle. A look into how each compact and conspiracy deals with the callous depredations of vampire society. Also details new compacts and conspiracies (including the hunters of the Cainite Heresy). For vampire-hunters, a gaggle of new Tactics, Merits and Endowments (including the Cainite Heresy's Rites of Denial). For Storytellers, a build-your-own vampire section featuring new options to apply old folklore. Philadelphia by Night: the City of Brotherly Love is besieged by the eternal struggle of vampire versus vampire, hunter versus hunter, and everybody versus everybody.
