

## Vegetarian Superfoods Package: Packed With 81 Super Fruits, Veggies, Beans and Fats for Your Vegetarian Diet (Superfoods Series)

81 nutrient dense fruits, veggies, beans and fats for vegetarians! A bundle of 4 books for less than the price of 2 ... Especially packaged for vegetarians ... So you can make informed food choices. **READER REVIEW** This book has opened my eyes. Thank you!! A treasure trove of information on foods for vegetarians ... This book is exactly what I needed to help me evaluate healthier choices ... Fascinating information on the truth about saturated fats ..... differences in the types of oils as well as health benefits and risks ... Special 4 for 2 Bundle of Superfoods for Vegetarians I've packaged this bundle of four of my books in the Superfoods Series especially for my vegetarian readers. In this vegetarian superfoods package you'll discover 81 superfoods (fruits, veggies, beans and fats). You'll find suggestions for including them in your diet, with a number of recipes and links to hundreds more. All you need for delicious vegetarian meals. For each of the 81 superfoods you'll find their nutritional values, health benefits, and a wealth of information on how to include them in your diet. Including, in some cases, how not to eat them. I include vegetarian fats because they're important for your health, and so that you would know the facts about fats, and the big deception about saturated fats. As you'll discover, what you may not know could kill you! There is a lot of misinformation out there; as usual driven by vested money interests. You'll also learn about the dangers of genetically modified (GMO) foods, of pesticides in our food supply, why it is so important to eat organic foods, if you can, and much more. **AND INSIDE:** With this book, Get **FREE Smoothie Recipes for the Top 2 Killer Diseases!** Start learning more about your vegetarian diet today!
