

## Warrior Wisewoman 2 (Volume 2)

Explore the truth of what it means to be female, and discover the wisdom and the strength of a woman in a grand universe without limits. Far-ranging scientific speculation meets action and adventure, grand space opera, thrilling discovery, and intelligent protagonists. James has done a good job of assembling a lineup that satisfies more than it disappoints and is a properly varied representation of feminist science fiction. -- Publishers Weekly The stories are austere, lyrical, and fuse science with ethics and emotion in a way that is very rare. -- Susan Shwartz Contributors in this volume include: Jennifer Brissett, Ian Whates, Jennifer R. Povey, Ardath Mayhar, Leslie Brown, Lee Martindale, Sarah Ellender & Michael OConnor, Deborah Walker, Jeff Crook, Catherine Mintz, David Bartell, Kate MacLeod, Karen Elizabeth Rigley & Ann Miller House, Z. S. Adani, and DJ Cockburn.
