

## Bears 2011

Bears are powerful and fascinating creatures -- agile tree climbers, swift runners and protective in their Parental role. In Bears 2011, world-renowned photographers capture all aspects of these splendid animals, creating a gallery of bears as they are rarely seen. Enjoy 12 candid shots of brown, black, grizzly and polar bears in different seasons and various environments, in scenes both intimate and powerful, from cuddling with cubs to fishing for salmon. An informative caption adds meaning to each photograph. From the start of the year to the end, and with each new encounter, you're certain to be intrigued, amazed and even entertained by these remarkable bears.
