

## Scratch A Lie Find A Thief

If you scratch a liar, you'll find a thief and Ashley or should I say Nikki takes pride in making this cliché an honest one. But what happens when you live a life founded on lies, and the truth walks in to show his handsome face? Will Chriss knowledge of a truth that's been deemed forgotten be enough to stop Nikkis hustle? What will Nikki do when the unknown skeletons in her closet begin to talk and don't want to shut up? Will a series of unfolding drama be enough to knock this self-proclaimed boss and professional liar off her journey to financial success? Or will Nikkis helplessness promote her to a new title, A cold-blooded murderer?
