

Wine Journal

Making tasting notes is a simple activity that yields big results. This wine journal is a tool for you to keep your own wine tasting notes whether you are tasting bottles at home or in winery tasting rooms.

I developed the forms provided for my own use over years of wine tasting. I have used wine journals developed by others and I have used blank note books. In the end, I created my own form for my tasting activities. Keeping a wine journal is a gift to yourself. It may sound geeky or seem inconvenient, but it is actually a great habit to develop.
