

With Blood Upon the Sand (Song of Shattered Sands)

In Book 2, The Inverted Thorn, Ceda continues to uncover the riddle of her mothers book. She finds more clues left to her by her mother, but they are incomplete. She must go to the desert to find the answers to the riddles. In doing so, she comes across the few members of the Thirteenth Tribe, and though they doubt she can make a difference against the Kings, they help her in her quest. The Kings, however, have not been idle. They know that one of their own has been murdered, and the hunt is on to find the culprit. As their hunt comes closer and closer, Ceda unlocks more secrets and kills more of the kings. She also learns that the asirim are tools that have been used by the Kings ever since that dark pact so long ago. Though it sickens Ceda to do so, she uses this same power to thwart Sharakhais aggressive northern neighbor in their attempt to take her city for their own.
