

Never Never (The Irish End Games) (Volume 7)

After a second EMP destroys the fragile progress of post-apocalyptic Ireland and brings the UK and Europe crashing to their knees as well, Mike and Sarah know they need to get their people somewhere safe. And soon. Along the way they discover something that has been carved into them since the first nuclear bomb exploded over the Irish Sea--when push comes to shove, you'll never believe what you're capable of...until it happens to you. Absolutely never never...
