

## Zompoc Survivor: Odyssey

Dave Stewart has survived the inferno of Kansas City and come out the other side. Everything ended up going according to plan, except for one detail: Amy is still with him, instead of on her way to safety. To the rest of the world his fate is uncertain, and by now even Agent Keyes knows better than to assume he's dead. As Keyes and his rogue DHS agents continue their search for him, Dave knows that Plan A, as usual, won't work. His only chance is to keep moving until he can find a safe way to make contact with Nate Reid and figure out his next move. As Dave's odyssey across a zombie-infested America continues, he encounters the best and the worst in his fellow survivors. He will find new allies, learn more about the true nature of the Asura virus, and his role in even bigger designs than he ever imagined. But, in a land filled with enemies both living and dead, is all the skill, wit and courage in the world enough to help him survive? Or will this be Dave Stewart's last journey?
